

Mainline Equipment Suspension Terms

The following equipment categories are non-suspend and suspension requests cannot be approved:

- Generators
- Distribution Boards
- Site Transformers
- Cranes
- Cables
- Bowers
- Accessories
- Lighting Towers
- Tower Scaffold
- Storage including Gas Cages & Tools Vaults
- Fencing & Barriers
- Site Accommodation including Toilets & Welfare units
- Road Plates, Acro-props & Strongboys
- ForkLifts & ForkLift Extensions
- Specialist Kit - Inc Roto Telehandlers

Suspension requests need to receive a confirmed response to be deemed actioned.

When suspended equipment has been used, suspensions requested will be revoked.

All kit with an agreed suspension request will remain on hire under the terms and conditions of the hire contract. The kit remains your responsibility for insurance.

Any kit hired through our National Hire Desk Team is subject to the third party supplier agreeing to the suspension request.
